MUHAMMAD Sudais

Web Developer | MERN Stack Developer.

ABOUT ME

As a MERN Stack Developer, I design interactive and dynamic web applications with MongoDB, Express.js, React.js, and Node.js. Both front-end and back-end expertise enable me to design efficient solutions that are satisfactory for users as well as business objectives. Having a strong background in using Git for version control, I am a team player with good technical skills and effective communication capabilities to produce high-quality output within deadlines.

TECHNICAL SKILLS

C++, C#, HTML, CSS, JavaScript, Python

React.js, Express.js, Node.js, Tailwind, Git, GitHub

My SQL, MongoDB

restful api

Languages

Mother tongue(s): **Pushto | Urdu**

Other language(s): **English**

EDUCATION BACKGROUND

Bachelor of Computer Science | Present
[08/2020 - 06/2024]
Sir Syed CASE Institute of Technology, Islamabad

Higher Secondary School Certificate
[2018 - 2022]
Fazaia Inter College Jinnah Camp Nur Khan

WORKING EXPERIENCE

June 2021 – Sep 2021 (Onsite) HorseTech Solutions | Front End Internship

- Interned as a React Front-End Developer, specializing in front-end fundamentals
- Implemented front-end design and user interface components
- Demonstrated expertise in JavaScript programming language and utilized popular tools such as Visual Studio Code.

Dec 2024 - Feb 2025 Abacus Global
Atlassian Jira Technical Administrator

- Designed and implemented custom Jira workflows, enhancing process automation and efficiency.
- Integrated Jira with third-party tools (e.g.,
- Confluence, Slack, GitHub) for seamless collaboration.
- Automated repetitive tasks using Jira Automation and scripting, saving 20+ hours per week.

PERSONAL PROJECTS

Final Year Project
Developed Clinifowl using the **MERN stack**—an innovative platform for rapid detection of poultry diseases through image analysis. Integrated a chatbot for easy access to disease information and preliminary diagnosis, and implemented a veterinary doctor panel to facilitate direct communication with nearby veterinarians.
